

THE CHILDHOOD EXPERIENCES QUESTIONNAIRE (CHEQ)

This questionnaire was made to better understand the experiences children have had before starting kindergarten.

Throughout this questionnaire, we will ask you to recall information about your child's experiences in different areas of development. We understand that you may not be able to recall exact times or dates. Please fill out the questions to the best of your ability or knowledge. The examples provided in this questionnaire are to be used as guides and are not considered complete lists. **All questions are optional.**

Your child's school will retain **Part 1: Childhood Experiences** of this questionnaire for planning purposes.

Your answers to **Part 2: Private Information** will not be shared with your child's school. Your answers will remain confidential and will only be shared for research purposes.

Your answers to **Part 3: COVID-19 Pandemic** will be combined with those from other parents/caregivers, and shared with school personnel at the school, school district and neighbourhood level anonymously.

The Human Early Learning Partnership recognizes and respects diversity within families including cultural background, lifestyle, values, and child rearing practices. This questionnaire aims to reflect this diversity.

If you have any questions about the CHEQ or how to fill out the questionnaire, please email us at: cheq@help.ubc.ca.
