PACIFIC RIM

THE CHILDHOOD EXPERIENCES QUESTIONNAIRE

SCHOOL DISTRICT REPORT 2022

CHEQ DEVELOPMENTAL AREAS AND EXPERIENCES

The five key developmental areas on the CHEQ are:

Developmental Areas	Experiences	Description
 Physical Health & Well-Being	Health	Overall health, visits with health care professionals, use of supports and programs
	Nutrition & Sleep	Eating breakfast, meals with family, foods consumed, sleep and related challenges
	Motor Skills & Experiences	Different types of physical activity and outdoor play
 Language & Cognition	Language & Cognition	Activities such as reading, pretend play, weaving, drawing, counting and more
 Social & Emotional Experiences	Peer Experiences	Interactions with peers and friends
	Talking about Emotions	Talking about social experiences and emotions with parents/caregivers
	Screen Time	Use of electronic devices such as computers, tablets and TVs
 Early Learning & Care	Early Learning & Care	Experiences in a non-parental care arrangement and/or preschool
 Community & Context	General Activities	Participation in community activities
	Neighbourhood Experiences	Parents'/caregivers' perception of their neighbourhood safety and social support
	Demographics	The child's and family's birth place, ethnicity and language(s) spoken

YOUR CHEQ SCHOOL DISTRICT DATA

This CHEQ School District Report includes the collated answers to all of the questions about children's experiences. The questions are organized into sections that correspond to the CHEQ developmental areas described above. Summary tables are provided for each question and include information related to the percentage of total responses, the average score or the number of children for whom an answer was provided by a parent/caregiver.

This report aggregates CHEQ data by school district boundaries. The data in this report are a summary of the responses parents/caregivers provided for kindergarten children attending school in your district in the current academic year. The report provides valuable information on the unique experiences of this group. Please read the 'Using Your CHEQ Report' section at the end of this report for more information.

Suppression. Data are suppressed when there are fewer than 35 children, for confidentiality reasons. The data are also suppressed when the uncertainty of the results (i.e., margin of error) is greater than 10%, which can result from low coverage particularly in areas with small populations.

 **49.3%** of kindergarten students in this district have a completed CHEQ
137/278

GENERAL INFORMATION

Who filled out this survey?

ANSWERED: 126

Where is the survey being completed?

ANSWERED: 137

PHYSICAL HEALTH & WELL-BEING

Child's overall health in the last year

ANSWERED: 135

Did the child visit a health care professional in the last year?

ANSWERED: 135

Type of health care professional visited

ANSWERED: 124

Barriers to seeing health care professionals

ANSWERED: 41

Did the child experience any stressful events in the past year?

ANSWERED: 128

Type of stressful event

ANSWERED: 71

Did the child or family use any programs or supports between the ages of...

3 years to kindergarten

ANSWERED: 133

Types of programs or supports used

ANSWERED: 56

Barriers to using these types of programs or supports

ANSWERED: 32

Frequency the child ate breakfast in the last 6 months

ANSWERED: 135

Frequency the child ate a meal with another family member in the last 6 months

ANSWERED: 135

Frequency the child consumed the following foods or beverages over the last 6 months:

Vegetables and fruits

ANSWERED: 135

Whole grain foods

ANSWERED: 134

Protein foods

ANSWERED: 135

Water

ANSWERED: 134

Sugary drinks

ANSWERED: 135

Sugary or salty snacks

ANSWERED: 135

SLEEP

Does the child have a regular bedtime?

ANSWERED: 121

Number of hours the child usually sleeps in a 24 hour period

ANSWERED: 132

Does the child face challenges when sleeping at night?

ANSWERED: 134

Challenges faced by the child when sleeping at night

ANSWERED: 108

MOTOR SKILLS & EXPERIENCES

Times per week the child took part in energetic physical activity while participating in organized activities over the last 6 months

ANSWERED: 134

Minutes per day (on average) the child took part in energetic physical activity while participating in unorganized activities over the last 6 months

ANSWERED: 131

Days per week the child played outdoors over the last 6 months

ANSWERED: 133

Degree to which the child likes to take risks while playing outside

ANSWERED: 134

Frequency the child has had the chance to take risks while playing outside over the last 6 months

ANSWERED: 134

In the last 6 months, how often did the parent/caregiver or another important person in the child's life:

In the last 6 months, how often did the child:

SOCIAL & EMOTIONAL EXPERIENCES

For the following questions, we asked the parent/caregiver to think about the last 6 months...

How often the child was around children other than their siblings

ANSWERED: 133

How often the child had a close friendship with another child around the same age

ANSWERED: 134

How often the parent/caregiver involved the child in household chores

ANSWERED: 133

How often the parent/caregiver did something with the child to help others

ANSWERED: 134

How often the parent/caregiver had the chance to talk with the child about:

How much time per day the child used an electronic device in general:

How much time per day the child used an electronic device specifically for educational purposes

ANSWERED: 134

Was the child in a child care arrangement other than parental care between 0 and 12 months?

ANSWERED: 134

Type of child care arrangement used the most between 0 and 12 months

ANSWERED: 19

Number of hours in the main child care arrangement between 0 and 12 months

ANSWERED: 19

Was the child in a child care arrangement other than parental care between 13 months and 3 years?

ANSWERED: 134

Type of child care arrangement used the most between 13 months and 3 years

ANSWERED: 68

Number of hours in the main child care arrangement between 13 months and 3 years

ANSWERED: 68

Was the child in a child care arrangement other than parental care between 3 years and kindergarten?

ANSWERED: 134

Type of child care arrangement used the most between 3 years and kindergarten

ANSWERED: 84

Number of hours in the main child care arrangement between 3 years and kindergarten

ANSWERED: 83

Satisfaction with child's most recent main child care arrangement:

Barriers for early learning and child care arrangements

ANSWERED: 111

Type of early learning and child care barrier

ANSWERED: 105

GENERAL ACTIVITIES

How often the child participated in/used community activities/resources:

From 3 years to kindergarten

	Never %	Once a month or less %	A few times a month %	Once a week %	A few times a week or more %
Sports programs	25	9	19	24	23
Arts, music or drama programs	70	12	5	8	5
Cultural activities programs	65	22	6	5	2
Story Time program	77	11	5	2	5
StrongStart program	59	12	8	12	10
Local Neighbourhood House	80	4	6	4	6
Public library	42	27	18	8	5
Aboriginal Family Drop-in	94	3	0	1	2
Family Resource Centre (i.e., Family Drop-in program)	88	5	6	2	0
Faith-based program	89	6	2	2	2
Park/playground	1	0	8	22	69
Local community/recreation centre	43	19	20	11	8

Were there any local activities the parent/caregiver wanted to do with the child but couldn't?

ANSWERED: 133

Barriers to participation

ANSWERED: 73

NEIGHBOURHOOD EXPERIENCES

Number of times the child has moved homes in the last 5 years

ANSWERED: 119

Length of time the child has lived in their current neighbourhood

ANSWERED: 134

Degree to which parks in the child's neighbourhood are safe

ANSWERED: 133

How often the child played outside in their neighbourhood (on average) in the past 6 months

ANSWERED: 133

Can neighbours be counted on to look out for children in the parents/caregiver's neighbourhood?

ANSWERED: 133

Number of people the parent/caregiver can depend on in their neighbourhood

ANSWERED: 133

DEMOGRAPHICS

The child would describe themselves as

ANSWERED: 134

Country in which the child was born

ANSWERED: 134

If the child was born outside of Canada, year they moved to Canada

ANSWERED: 1

Country in which the parent/caregiver was born

ANSWERED: 129

If the parent/caregiver was born outside of Canada, year they moved to Canada

ANSWERED: 15

Child ethnicity

ANSWERED: 121

Family ethnicity

ANSWERED: 123

Child's first language(s)

ANSWERED: 133

Does the child currently live in more than one home?

ANSWERED: 133

Child's number of siblings

ANSWERED: 133

COVID-19 PANDEMIC

How the following routines/activities were affected for the family due to the pandemic:

How the following routines/activities were affected for the parent/caregiver due to the pandemic:

The parent's/caregiver's level of stress in the last six months due to the pandemic

ANSWERED: 129

How the child's use of services/supports were affected due to the pandemic

ANSWERED: 81

The effect of the pandemic on job status or number of work hours per week for the parent/caregiver

ANSWERED: 110

The effect of the pandemic on the job status or number of work hours per week for the second parent/caregiver

ANSWERED: 112

The effect of the pandemic on overall family income

ANSWERED: 119

How much the parent/caregiver agrees they could do the following if they wanted or needed to:

USING YOUR CHEQ REPORTS

CHEQ data can be used in a number of ways to support children and families in schools, districts and neighbourhoods. It is recommended that you consider CHEQ data on its own, as a summary of the early experiences and environments of current kindergarten students, alongside complementary data and information such as:

- Early Development Instrument (EDI) data
- Community knowledge and expertise
- Information on local services and programs
- Input from families with young children in your community

CHEQ data are a catalyst for important conversations and improved decision making. We encourage you to:

- Look through the table of contents of your online CHEQ report and choose sections that are interesting or valuable to you.
- Note any questions that stand out for you in these sections.
- Note any results that you expected or didn't expect to see.
- Dig deeper. Look to the questions that you felt were interesting and the results that you expected and didn't expect and ask yourself some key questions:
 - Which data do you have influence over?
 - What can you do about this?
 - Which data align with your school's priorities and goals?
 - Which data align with your school, organization or coalition priorities and goals?
 - Are there resources from the school district, school, organization, municipality, or through other sources that could provide support for your ideas?
 - Are there areas where you can build on strengths in your school, organization or community?
 - Are there areas of concern?

Remember you don't have to do this alone:

Once you are familiar with your CHEQ data, start to bring others in to the conversation. The goal is to identify where the CHEQ provides the most valuable information for you.
